R3 has a Natural Gas Drilling Tipline Database which was being used for tips that came in from the public.

I did a search on "Dimock" and found a few tips.

Attached are screen prints of the data.

In some cases, the tip was referred to a regional staff person.

DIMOCK_LOG_ID_CE64.tif

DIMOCK_LOG_ID_CE149.tif

DIMOCK_LOG_ID_CE258.tif

DIMOCK_LOG_ID_CE316.tif

DIMOCK_LOG_ID_CE416.tif

I also found one with the city spelled as "Demic" which may be a misspelling of "Dimock".

DEMIC_LOG_ID_CE100.tif

Thanks!
